

## Your Leadership Team met Tuesday July 13, 2021.

Major points of discussion/action taken:

1. The Leadership Team tasked the Worship Team to evaluate our current worship service schedule with an emphasis on restoring the Contemporary Worship Service. The Leadership team recognizes that our Contemporary Service has been the most well attended worship service prior to COVID and that we currently have a Traditional Service on Sunday mornings.
2. Discussed ideas/guidelines for how we and the church as a whole can better work together in 'unity'.
3. Recognized and honored Phyllis Crocket, retiring recording secretary, for nearly 20 years of faithful service to your Church Council/Leadership Team.
4. Recently, the Church Council was officially renamed 'Leadership Team'.
